Velour Finish

Velour towels are simply terry towels that have one side of the terry loop “sheared” to produce a velvety texture.

Because the pile is cropped, they also visually sharpen the brand or logo, and for this reason prove a popular choice for promotional use. The back side of the towel has the standard “loop” terry texture and is fully absorbent.

Jacquard Woven

100% COTTON
Logo ALL OVER the towel

Custom jacquard woven towels are a popular and very cost efficient item for corporate promotion. The design is actually 'woven' across the entire surface of the towel by employing dyed yarns. This weaving technique allow us to offer you a fantastic looking corporate gift that will enable you to effectively promote your newest product, or emphasize your brand.

Stitched logo

Embroidery is an elegant and stylish way to decorate promotional textiles. The digitized image is saved on disk and loaded to the embroidery machine. The machine uses the digital instructions to create your design with threads. The number of stitches that the machine needs to make, amount of different colours and the quantity of items being embroidered, etc. determines the embroidery cost.
